## REQUEST FOR CONFIDENTIAL TREATMENT

March 2, 2006

Marlene H. Dortch, Secretary  
Office of the Secretary  
Federal Communications Commission

Re: Petition of Pine Belt Cellular, Inc. for Designation as an Eligible Telecommunications Carrier,  
Common Carrier Docket No. 96-45

Dear Secretary Dortch:

Today Pine Belt Cellular, Inc. ("Pine Belt") submitted to the Federal Communications Commission ("Commission") a copy of the above-referenced Petition for Designation as an Eligible Telecommunications Carrier ("Petition") and associated exhibits via the Electronic Comment Filing System ("ECFS").

Exhibit 4 to the Petition, Maps and a Chart of Pine Belt's Five-Year Construction Plan, provides the Commission with Pine Belt's plans for improvement and expansion of its network in rural Alabama. This information is proprietary and confidential commercial and trade secret information for Pine Belt's competitive wireless service business. Public disclosure of this information could cause serious competitive harm to Pine Belt, because disclosure would allow Pine Belt's competitors to obtain plans for network deployment and future capital expenditures.

Therefore, Pine Belt respectfully requests, pursuant to Section 0.459 of the Commission's Rules, that the maps and chart included in Exhibit 4 not be made routinely available for public inspection. Pine Belt has physically separated the confidential information in Exhibit 4 (consisting of the maps and chart) and has not electronically filed the maps and chart contained in Exhibit 4 in ECFS. A redacted version was filed in ECFS, and the full unredacted version of exhibit is transmitted in a separately marked envelope. Thank you for your assistance in this matter.

Sincerely,

Phyllis A. Whitten
